

BEYOND MISSIONS

2025 Projects & Vision

BEYOND MISSIONS

Beyond Missions is CLF's expression of obedience to the last command given by Jesus: "Go into all the world and preach the Good News to everyone." (Mark 16:15) We have formed partnerships with others around the world to preach this Good News by announcing with our mouths and demonstrating in tangible ways the love and goodness of our God. As you read the details of that vision in the pages that follow, join us in praying for God's kingdom to come here on earth as it is in heaven, that the whole world will be able to "taste and see that the Lord is good!" (Psalm 34:8)

BEYOND MISSIONS

RESTORING HOPE

Casa Mayor Amor & The No Greater Love Farm El Salvador

For over 2 years we have partnered with Casa Mayor Amor (No Greater Love Rehab) to build the only Christian drug & alcohol rehabilitation home in El Salvador. They started with just one men's home, and expanded last year to build a 2nd men's home. This year they started rescuing women of the streets. Because of this they are expanding and bought farmland to build a women's rehab facility & start a farm as a means to self sustain the expenses of the ministry. This year through BEYOND Missions we are continuing our partnership to help them build the women's rehab house and develop the land for farming.

Hispanic Church Planting: Colby/Abbotsford & Plover, WI

Pastor Eneida and her team have been making disciples and making an impact among the Hispanic population of central Wisconsin for more than a decade. Last year Pastor Eliana came from Guatemala to help launch a Hispanic church in Colby-Abbotsford. This year they are launching a Hispanic church in Plover. We believe and agree with Eneida and her team, that there is a great opportunity in central Wisconsin to reach the community of Spanish speakers for Jesus. This year we are partnering with them to help further build their team in order to effectively make disciples in three communities in central Wisconsin.

BEYOND MISSIONS

REACHING THE UNREACHED

LIVE|DEAD - Azerbaijan - Community Center

2 years ago BEYOND Missions partnered with LIVE|DEAD Azerbaijan to launch a new extension of their BAM with formation of the Inter-Life Community Center. Last year they were able to purchase the building and this year we're furthering our partnership to help them finish the renovations and furnish it for use. Through this new community center they have already offered classes on photography/digital art, culinary & cooking, and expanded their ESL classes. This community center will be able to provide for both humanitarian needs & spiritual discipleship mentoring. It has already helped create jobs for local Azerbaijani's & VISAs for LIVE|DEAD workers.

LDSR - Latin America Promotions Package

Since CLF started we've been helping launch churches and disciple making movements all over the world. We've supported missionaries who have planted churches all throughout Latin American. In the last few years those churches have been raising up and sending out missionaries to serve in countries along the Silk Road. These missionaries from Latin America have found favor and instant connection with the people living along the Silk Road. This has given the LDSR leadership team a desire to create easier pathways for missionaries to come from Latin America. BEYOND Missions Media Team has been asked to create promotional films that will be sent to churches throughout Latin America. We believe that these visual stories and content have the potential to stir up a new harvest of missionaries from Latin America that will reach the unreached!

The Family Center Domestic Violence Emergency Shelter
Love INC of South Wood County
Be Still Retreats & bnb
Teen Challenge Milwaukee Residential Program
Outward Heart
Timber Bay - Raneisha Keeling

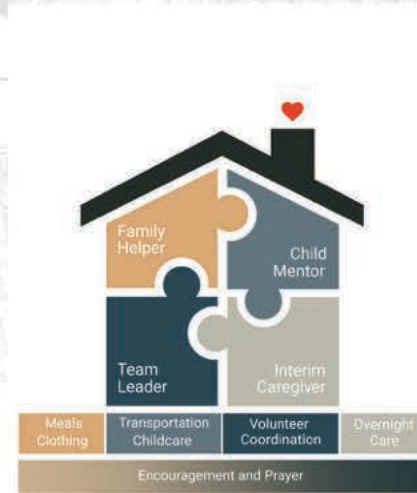

BEYOND MISSIONS

INVESTING IN EQUIPPERS

WELCOMED - Family Advocate Ministry Equipping

There is growing need for families willing to Foster vulnerable children. National statistics show that 50-70% of foster families stop fostering during or after their initial placement. However, 92% of foster families surrounded with Care Community continue to foster. Welcomed's goal is to equip but never supplant the local church. Their aim is to serve the foster families & vulnerable children by equipping and empowering local churches to establish sustainable family advocacy ministries utilizing the Care Community model. A Care Community is an engineered group of 6-8 volunteers who are committed to providing practical aid, like meals and childcare, to a foster family in order to help them foster longer and stronger.

Be Still Retreats & bnb

A 2017 study found that 65 percent of pastors were experiencing burnout in their ministry, and a more recent study found that 42 percent of pastors were seriously considering leaving full-time ministry altogether due to the various stresses associated with their role (Barna, 2022). Be Still Retreats is a cost-free, adult only retreat facility. They serve Christian clergy and ministry leaders, their spouse and support staff. Everything they do is focused on serving, encouraging and inspiring Church leaders. Every winter they are forced to close for a month due to poor insulation in the cabins. This year we are going to help them winterize the cabins so they don't have to close down, and they can continue to serve the 100+ Pastors & Clergy that come each month to Be Still Retreats.

BEYOND MISSIONS

2025 ABOVE & BEYOND GOALS

RESTORING HOPE

\$34,000

Casa Mayor Amor & The No Greater Love Farm - El Salvador
Hispanic Church Plants

INVESTING IN EQUIPPERS
