

BEYOND MISSIONS

2024 Projects & Vision

BEYOND MISSIONS

Beyond Missions is CLF's expression of obedience to the last command given by Jesus: "Go into all the world and preach the Good News to everyone." (Mark 16:15) We have formed partnerships with others around the world to preach this Good News by announcing with our mouths and demonstrating in tangible ways the love and goodness of our God. As you read the details of that vision in the pages that follow, join us in praying for God's kingdom to come here on earth as it is in heaven, that the whole world will be able to "taste and see that the Lord is good!" (Psalm 34:8)

BEYOND MISSIONS

REACHING THE UNREACHED

LIVE|DEAD Silk Road BAM Launch

We are helping launch a new BAM(Business As Mission) in a closed country along the Silk Road. This BAM will be a bicycle tour company that will serve the growing popularity of cycling and physical fitness. We will be funding the fabrication of a custom bike trailer that will be used to host tours. The bike trailer will be used daily, and it will also be used to host short-term cycling missions teams coming from the states. Making disciples of Jesus is difficult in this part of the world, and building connection around common interest is a great way to make inroads in the community and build discipleship relationships.

Latin American Missions Media

Since CLF, started we've been helping launch churches and disciple making movements all over the world. We've supported missionaries who have planted churches all throughout Latin American. In the last few years, those churches have been raising up and sending out missionaries to serve in countries along the Silk Road. These missionaries from Latin America have found favor and instant connection with the people living along the Silk Road. This has given the LDSR leadership team a desire to create easier pathways for missionaries to come from Latin America. BEYOND Missions Media Team has been asked to create promotional films that will be sent to churches throughout Latin America. We believe that these visual stories and content have the potential to stir up a new harvest of missionaries from Latin America that will reach the unreached!

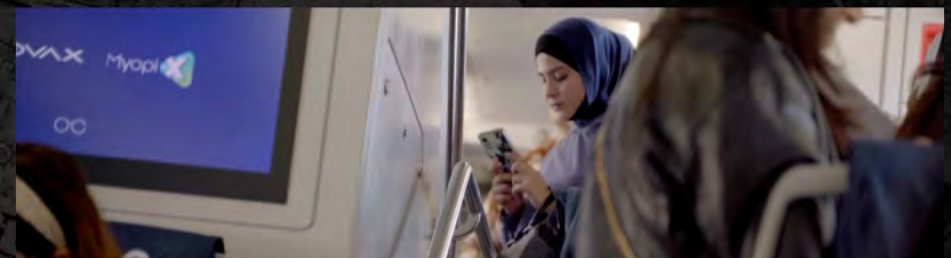

BEYOND MISSIONS

INVESTING IN EQUIPPERS

LIVE|DEAD Silk Road Connection Center

There is a small team of Latin American missionaries getting ready to launch a Connection Center in a country along the Silk Road. The Connection Center Project is part of the new Hispanic Launch Team that will plant churches in a country that has less than 2% of people who claim to be Christian. Beyond this first “Alpha” group, this Connection Center will be a hub for training and equipping new church planting teams into the ten countries that are part of the Central Eurasia Region: Afghanistan, Azerbaijan, Kazakhstan, Kyrgyzstan, Iran, Pakistan, Tajikistan, Turkey, Turkmenistan, and Uzbekistan. These nations represent hundreds of Unreached People Groups and nearly 500 million people. The vast majority of these people are Muslims, ranging from nominally/culturally identifying to serious and devout. LIVE|DEAD is about mobilizing new missionaries.

The Hispanic Launch Team will build on the emerging training and development model that has been successfully implemented in the other Launch Teams in Central Eurasia.

BEYOND MISSIONS

RESTORING HOPE

No Greater Love Rehab Center

At the end of 2022 we sent a BEYOND Missions team and funds to help build and launch the No Greater Love Rehab Center in El Salvador. Over the last year we have seen God do miracles! The chains of addiction are being broken and deliverance and new life is being found in Jesus. God has raised up Salvadoran pastors and leaders to work and walk alongside each person recovering from addiction. The current facility is at capacity and the No Greater Love leadership has vision to build more houses of recovery. This year we are planning to GIVE and GO so that a second home can be built that will double the capacity at the rehab center.

The Family Center

The Family Center is the only 24/7 safe shelter for people who are in crisis as a result of domestic violence in Wisconsin Rapids. The Family Center's mission is to empower those affected by domestic violence and sexual assault and addresses the root causes of abuse in the community through education and advocacy. They have a vision to see a community in which people live free of violence. They do this by offering advocacy services for men, women, and children who are dealing with current and/or past abusive experiences. Their advocacy services also include criminal justice, legal, and personal advocacy during divorce or custody proceedings related to criminal domestic violence cases.

BEYOND MISSIONS

INVESTING IN EQUIPPERS

LIVE|DEAD Silk Road Leadership Training

BEYOND Missions is about mobilizing people and resources from CLF to build disciple making movements locally and around the world. One resource that CLF has is leadership coaches. Our certified leadership coaches have been working with non-profits and churches all around the country, and are uniquely qualified to serve our missionaries with leadership training. This year BEYOND Missions will bring leadership resources and trainings to several LIVE|DEAD Launch Teams. This is a great example that BEYOND Missions is more than just financial support. BEYOND Missions is about bringing a variety of resources and support from CLF to invest in our missionaries and ministry partners.

Outward Heart

Missionaries and Ministries are great at what they do, but they are often not great at visuals and outward communication. This ministry serves other ministries to help elevate what's at the heart of organizations, to an outward, visible, and compelling presence. They do this by coming alongside and equipping them to most effectively share their purpose and passion as they pursue the Great Commission and their role within it. Outward Heart has a vision to see organizations clearly and professionally sharing the vision God has uniquely given them—through branding, program development, consulting, story-telling, multi-media production, and strategic communication. This ministry was started and is based right here in central Wisconsin by founders Dave & Alissa Wied.
